## LifeROOTS-Children's Therapy and Services

Early Intervention (EI) helps children and toddlers, birth to age 3, with disabilities or delays in their learning and development. It supports families through education and family services to help their children and families reach their potential. LifeROOTS Early Intervention support and services are designed to meet the full range of developmental needs of each child according to their strengths and weaknesses. Our Early Intervention program builds upon the natural learning opportunities that occur within the daily routines of a child and their family. Early Intervention services are **FREE** to the family and funded by the State of New Mexico - See more at: <http://www.liferootsnm.org/childrensservices.aspx#sthash.Vvf4evqJ.dpuf>
