Basic Literacy

Tutors help adults who have limited or no literacy and/or numeracy skills. Many students would like to read better or advance their basic math skills in order to get a job, help their children with their schoolwork, or improve their literacy for health. These students also have the opportunity to learn basic computer literacy skills in our open computer lab, which includes a series of reading, typing and job readiness skills.

Parent Organization

Literacy Volunteers of Santa Fe

The mission of Literacy Volunteers of Santa Fe is to provide free tutoring to adults in reading, writing and speaking English to strengthen our community, families, and the workforce.

Our vision is a literate, thriving community where words can be read, written, spoken and understood, and where people can attain their goals and fully participate in society.
