CLINICAL PSYCHOLOGIST

Clinical psychologists are experts in human behavior and psychopathology who practice in mental and behavioral health. We diagnose, assess, evaluate and treat. We practice psychotherapy and perform psychological testing. We consult and train. Our work is based upon scholarly evidence.

EXPERTISE AS A CLINICAL HEALTH PSYCHOLOGIST

A clinical health psychologist is a professionally recognized specialist applying scientific knowledge to the practice of health and wellness by understanding the interactions of biological, social, emotional, cognitive, and cultural aspects of individuals. **Clinical health psychologists practice health promotion & disease prevention and treat illness and disability in diverse populations across varied settings.** Dr. Weil embraces **interprofessional collaboration and is board certified in clinical health psychology.** She has experience in the Veterans Health Administration, Federal Bureau of Prisons, hospitals, universities, managed care, private practice, and community centers including a FQHC.
