May School and Tutoring Center

May School serves exceptional students from pre-school through 8th grade, specializing in those having learning differences such as dyslexia, ADHD, and language processing disorder. May School's student/teacher ratio is 6:1 (5:1 in the Early Childhood Program). Each student's program is individualized to meet his or her needs, and is taught by faculty who have completed extensive training in multi-sensory language teaching, the "gold standard" for students with learning differences. May School's Early Childhood and Elementary Campus is located at St. John's Methodist Church, 1200 Old Pecos Trail. The Intermediate Campus, Tutoring and Evaluation Center are located at 2019 Galisteo, Building B. Financial aid is available.

Skill-Building Tutoring is offered in academic subjects such as reading, writing, and mathematics, as well as in reading and writing readiness and in executive function skills. Working in a 1:1 setting, every tutor develops an individualized program to build the skills necessary for each student's academic success. May Center tutoring is available for all area students, no matter what school they attend.

Parent Organization

May Center for Learning

May Center for Learning empowers students with learning differences to be successful, confident learners who recognize the importance of communication, collaboration, and community. We accomplish this goal by focusing on four specific success attributes: Literacy, Empowerment, Advocacy, and Principles.

May Center is also committed to developing the understanding of learning differences within our community by providing information, consultation, and workshops to educators, families, and the greater community of Northern New Mexico.
