Mesilla Valley Hospice

Since 1982, Mesilla Valley Hospice (MVH) has provided services to terminally ill individuals throughout the City of Las Cruces and Doña Ana County, New Mexico. We are licensed by the State of New Mexico to provide residential, general inpatient, and home hospice care. MVH has earned a reputation as a high quality, fiscally responsible organization where death can and does occur with peace and dignity, and where the medical, emotional, and spiritual needs of all are honored and supported with comfort, care, and compassion. We serve people of all ages; however, most of our patients are elderly.
