Gallup Head Start Early Childhood Development Center

At Gallup Head Start Early Childhood Development Center, we have highly-trained, nurturing teachers, beautifully equipped classrooms, and an environment that fosters an overall love of learning through meaningful relationships and positive experiences. We provide comprehensive services for 3,4, & 5 year old children, as well as children with disabilities. Our NM Pre-K has allowed us to set up a beautiful classroom environment with many state-of-the-art children's learning tools. Our classrooms are filled with math, science, reading, writing, art, and imaginative play materials, designed for children who are 4 before September 1st. We would be honored to serve your child in our engaging program.
