## **Monastery of Our Lady of the Desert**

Program of hospitality to all who come to the monastery. We have four rooms available for overnight guests to share deeply in our spiritual life, which includes silence, so that our guests can continue to serve God with dedication in our way of life, and who come to know themselves better, and be refreshed to return to their lives. Currently, our space is limited to women only, but are in the process of seeking funds for more accommodations.
