Parent Organization

Muscular Dystrophy Association (MDA)

Fighting every day to free individuals — and the families who love them — from the harmful effects of muscle-debilitating diseases so they can live longer and grow stronger. Families are at the heart of MDA's mission. We wake up every morning to create more hope and answers for families living with muscular dystrophy and related diseases that take away physical strength and mobility. We do this by finding research breakthroughs across diseases, caring for kids and adults from day one and empowering families with services and support in hometowns across America.
