"Science is Everywhere" Educational Kids Camps

The wonder of science comes alive during the National Museum of Nuclear Science & History's Science is Everywhere Science Kids Camps. Learn more about robots, biology, forensics, engineering, chemistry, physics, weird science and more.

The Museum offers camps during the winter, spring and summer breaks. The camps are divided by age or grade groupings based on content. Camps run from 9:00 a.m. to 4:00 p.m. daily. Multitudes of children have learned science is exciting and fun during these week-long learning adventures.
