## Navajo Preparatory School

Our Ultimate Goal is to Prepare all Native American High School Students for College. The mission is to educate talented and motivated college bound Navajo and Native American youth who have the potential to succeed in higher education and become leaders in their respective communities. The school provides a rigorous academic program based on a strong foundation of Navajo philosophy supported by a residential environment that enhances individuality and independence. Our students also experience some of the freedoms of college. Students live in dorm rooms and learn independence which serves them well when they go off to college as 90% of our students do.
