

SHARE new mexico™

New Beginnings Caring Pregnancy Center

We seek to prevent abortion by supporting the decision to parent or referring the birth mother to adoption agencies or lawyers that could facilitate an adoption process. We do not refer to abortion clinics. Provide emergency assistance and/or regular classes by respected pediatricians, doctors, social workers and other clinicians. Parents attending regular classes earn points that can be used to obtain diapers, wipes, clothing, car seats, bassinets, cribs and other needed items.
