## Acute Inpatient Psychiatric Program

Our **Adolescent Acute Inpatient Psychiatric Treatment Program** is a specialized and intensive level of care designed to provide immediate and short-term psychiatric treatment for adolescents experiencing severe mental health crises or acute psychiatric symptoms. This program are typically utilized when an adolescent's safety is at risk or when their symptoms are significantly impairing their ability to function in daily life. The adolescent acute inpatient program provides a highly structured and secure environment with 24/7 monitoring and supervision by a multidisciplinary team of mental health professionals.

### Parent Organization

## **New Mexico Behavioral Healthcare (NMBH)**

At New Mexico Behavioral Healthcare, we provide compassionate, evidence-based behavioral health treatment for adolescents and adults. Our inpatient acute psychiatric care and Partial Hospitalization Programs (PHP) are designed to support individuals through mental health challenges such as depression, anxiety, trauma-related issues, and more.

Our adolescent program serves youth ages 12 to 17, while our adult program supports individuals 18 and older. Whether you're seeking help for yourself or a loved one, our team is here to provide expert care in a safe, structured, and healing environment.
