

SHARE new mexico™

Boys State of New Mexico has developed a program that brings high school juniors together from across New Mexico to participate in a hands on democratic process. Boys State is funded predominately by the contributions from American Legion posts throughout New Mexico. The boys practice the democratic process by creating and participating in city, county and state primaries and elections. They also participate in the judicial system that compliments and mimics New Mexico government in operation. The boys leave with a better sense of democracy and are competent to participate in all levels of civics
