Smiling is central to our human experience. Vital to our overall health, a smile builds confidence, and encourages laughter. It reduces stress. A healthy smile helps us land jobs and find love. A smile can save us from anguish. A healthy smile allows us to nourish ourselves. The work to maintain and restore healthy smiles is at the core of the NM Foundation for Dental Health Research and Education. Across New Mexico, we implement oral health strategies across sectors to improve quality of life for all New Mexicans.
