Harm Reduction Services

Our Harm Reduction initiatives offer clean needle access (in exchange for used ones), drug checking, safer supplies, STD prevention, HIV/HCV and Syphilis testing, and distribution of Naloxone. We provide both online and in-person overdose prevention education. Additionally, our Harm Reduction Program facilitates connections to Medication Assisted Treatment (MAT), encompassing Suboxone and Methadone treatment, counseling services, and case management support.

Parent Organization

New Mexico Recovery Coalition

New Mexico Recovery Coalition, NMRC, is a compassionate startup nonprofit organization and Southwest New Mexico's exclusive non-government boots-on-ground provider driving harm reduction services, rapid HIV/HCV/syphilis testing, basic street medicine, limited mobile crisis interventions, and other key mental health advocacy initiatives into our rural and frontier communities.

NMRC promotes using an anti-stigma, community-based, Mutual Aid approach to Syringe Access Services, Overdose Prevention, and Referrals to resources in our community.

?NMRC is staffed by Certified Peer Support Workers, Community Health Workers, and other Comprehensive Community Support Workers. Everyone on staff has Lived Experience with using drugs, loving someone who uses drugs, or navigating the systems and resources needed when one is actively using or in recovery.

?NMRC promotes health equity through safer drug use, overdose prevention, and helping our participants and community members to take an active role in creation of policies, procedures, and activities within our organization and others throughout the community.
