NMRC promotes using an anti-stigma, community-based, Mutual Aid approach to Syringe Access Services, Overdose Prevention, and Referrals to resources in our community.

?NMRC is staffed by Certified Peer Support Workers, Community Health Workers, and other Comprehensive Community Support Workers. Everyone on staff has Lived Experience with using drugs, loving someone who uses drugs, or navigating the systems and resources needed when one is actively using or in recovery.

?NMRC promotes health equity through safer drug use, overdose prevention, and helping our participants and community members to take an active role in creation of policies, procedures, and activities within our organization and others throughout the community.
