Western New Mexico Correctional Facility

Western New Mexico Correctional Facility (WNMCF) is located in Cibola County, City of Grants, New Mexico and is comprised of two facilities.

The first facility is the Reception and Diagnostic Center for female offenders as well as a Level III-General Population and Level IV-General Population for female offenders in the New Mexico Corrections Department. The primary focus at Western New Mexico Correctional Facility is Re-Entry, Education, Employment opportunities, as well as Peer Education programs.

The second facility is a medium custody male facility, with a capacity of 673 beds. The facility was transitioned from private to public operation in November of 2021.
