

Children's Medical Services

Children's Medical Services (CMS) program provides services for the prevention, diagnosis and treatment of disabling conditions in children. It is a statewide program within the Department of Health, Public Health Division. CMS serves children from birth to 21 with chronic illnesses or medical conditions that require surgical or medical treatment and that could limit their activity. Children's Medical Services is comprised of several programs, including the Newborn Metabolic Screening Program, the Newborn Hearing Screening Program, and Children and Youth with Special Health Care Needs (CYSHCN).
