

NM DOH - HIV/Hepatitis/STD Online Resource Guide

NMHIVGuide.org is a community based website offering resources and information about a full range of HIV services including testing, prevention programs, care and support. In addition, services are listed for other infectious diseases such as sexually transmitted diseases (STD) and hepatitis A, B and C. There is also a guide of harm reduction services, including syringe exchange, helpful to persons with or at risk of infectious diseases. Our searchable guide will help you find the best and most appropriate services in your area. A program of NM Department of Health (DOH) Infectious Disease Bureau (The IDB website is: <https://nmhealth.org/about/phd/idb/>)
