Parent Organization

Oasis Albuquerque Enrichment Program

Oasis Albuquerque is a nonprofit organization whose mission is to promote healthy aging through a three-pronged approach - lifelong learning, healthy living and volunteer engagement. Offering challenging programs in the arts, humanities, science, wellness, and volunteer service, Oasis creates opportunities for older adults to continue their personal growth and provide meaningful service to the community. The Oasis Intergenerational Tutoring Program teams with district public elementary schools, pairing trained adult volunteer reading mentors with K-4 students who are reading below grade level. The volunteers serve as reading mentors, building the student's confidence and skills needed to succeed academically. The program utilizes the special relationship that develops across generations to reap benefits for both students and adults.
