St. Patrick STEAM Club

Our Lady of the Assumption Catholic School would like to pilot an afterschool program, the St. Patrick S.T.E.A.M. (Science, Technology, Engineering, Arts, and Math) Club. Students in this afterschool program would participate in various hands-on activities that focus on problem-solving, the scientific method, presenting scientific results to peers, and learning through cooperative and imaginative play. Students will build social skills, confidence, and a love of learning through the use of projects relating to the S.T.E.A.M. fields, circuitry, and the Lego Education Series sets and lesson plans.
