### **Parent Organization**

#### **Parkside Child Development Center**

As a center in the South Valley, we take pride in our community and our families. As a diverse center, we encourage our parents to tell us if there is something specific from within their culture that they would like to continue once their child walks through our doors. Spanish is the second most used language in our center. We will do our best to accommodate special requests. Whether they pertain to special needs, differing abilities, or cultural influences.

Our mission at Parkside Child Development Center is to provide high quality child care, incorporating the best research and knowledge of child development and health. Also, to support parents by providing their children with a loving, nurturing environment; by being accessible to discuss their children's needs; and by offering these services at reasonable prices. The center's goals are for the children served by the center to

develop to their full potential, to exhibit healthy social, emotional, and physical growth; for the parents to feel confident that their children are being cared for in the best possible manner, to promote the natural bonding and friendship among young siblings, to prepare children emotionally, socially, and scholastically for life, to find the center personnel open and easy to communicate with, and to be satisfied with the cost and quality of care their children receive.
