Pinon Project Even Start

This program is for parents with children prenatal to age 5 years, to promote increased literacy with the parent and the child. The parent is to be in an educational setting of their choice. The child is placed in an educational setting of the parent's choice. The parent spends time in the child's classroom and with the Parent Educator in the classroom working on parenting skills along with time working on educational skills. The Pinon Project: The Tree House Early Learning Center serves children ages 6 weeks to 12 years. licensed in the State of Colorado and are a Qualistar rating of 3 (out of 4). We contract with Head Start and the Cortez School District-Colorado Pre-school Program. Each classroom offers a developmentally appropriate curriculum based on the creative curriculum check points.

Parent Organization

Pinon Project

The Piñon Project Family Resource Center is a nonprofit organization that originated in 1994 as a result of a community grassroots effort under the Healthy Communities Initiative. Through the initiative, Montezuma County engaged in a process of creating a statement of vision for our community's future. The Piñon Project is a member of The Family Resource Center Association (FRCA)'s unique network of 24 family resource centers that work with the entire family to help them become more self-reliant in areas that affect their family stability; including parenting, health, education, employment, housing, and financial management.
