## Cooperative Network

Pivotal New Mexico's cooperative network is a subscription-based network of nonprofit professionals interested in developing skills, insight, and resources for high-performance grant seeking. Membership provides in-person and online community space to help nonprofit organizations find funding, collaborate with each other around grant opportunities, and garner and share grant seeking resources and knowledge to create efficiencies in the sector.

## Parent Organization

### Pivotal New Mexico

Pivotal New Mexico helps build the capacity and economic impact of nonprofit businesses, schools, and government agencies by helping them learn about and access the funding necessary to do their work. This includes federal grants, national philanthropies, low-interest loans, social impact funds, and more so that nonprofit organizations are well-resourced and poised to deliver on their charitable and social missions. We work with organizations across sectors, including financial literacy, education, economic development, housing, health care, social services, and the arts. Many of these organizations work directly on alleviating poverty, provide for basic needs, and advocate for and create systems change that improve the lives of low- to moderate-income families. Our vision is that New Mexico's nonprofit organizations will have the resources needed to dramatically improve the social, economic, and educational challenges in the state.
