Planned Parenthood of NM

Planned Parenthood of NM (PPNM) provides confidential, affordable gynecological health care; including birth control, emergency contraception, testing & treatment of infections, colposcopy & cryotherapy as follow-up for abnormal Pap smears, pregnancy testing & options education, abortion, sterilization, and other reproductive health services for women and men. PPNM offers age-appropriate, medically accurate sexuality education to adolescents and families across NM, including; teen pregnancy prevention programs, peer education and service learning opportunities, HIV/STD programming for high-risk women, adult/child workshops, and trainings for professionals who address issues related to sexuality within the scope of their work. PPNM advocates for pro-choice legislation and policies that promote the availability of family planning services, contraception, abortion, and comprehensive sex education on the local, state and national levels.
