The PUSD Vision is that every student will be a resourceful, resilient, responsible and engaged world citizen. PUSD is dedicated to the goal of having its students fulfill rigorous academic standards in preparation for future success so that they can become well-informed, productive, and socially responsible citizens. The District must address the needs of each student as an individual while also developing strong partnerships with families, businesses, and the community at large.

PUSD believes that with guidance and support all students can reach their greatest potential. It is our responsibility to inspire curiosity and a passion for life-long learning. All students and staff have the right to a safe and respectful learning environment that fosters positive connections. PUSD believes in providing learning that is innovative, irresistible, creative, relevant and rigorous and in ensuring a culture and climate that promotes a highly-skilled, dedicated, and passionate educational team. Public education should focus on the whole child, provide equitable opportunities for all students, and create socially responsible individuals with character and integrity
