

PMS Western NM Medical Group Behavioral Health

Behavioral health (mental health and substance abuse services), Veteran Support, and Supported Housing. Provides initial assessments, counseling, sexual abuse counseling for children and adults, anger management, and a sliding fee scale for payment. Provides outpatient services from masters level therapists, substance abuse services, and mental health services. Offers assessment, case management, referrals, psychiatric services, and support groups (journaling group, recovery groups, double trouble group (AA model that focus on those suffering with mental illness). The New Beginning Club (psychosocial rehabilitation) provides day treatment services to severely disabled adults. The adults receive services three days a week: medication, therapy, etc.
