

Applied Behavior Analysis (ABA) Services

PBS Corp. is an agency committed to the principles of Positive Behavior Support (an approach based on principles of applied behavior analysis, ABA) to improve not only behavior, but also quality of life for the individuals we serve, their families, and others who support them.

After an autism diagnosis, Positive Behavior Supports Corporation is here to help walk your family through the next steps. We provide individualized ABA Therapy for those with autism and related disabilities, children and adults, to assist with decreasing challenging behaviors and increasing appropriate behaviors and skill deficits that will allow the individual to reach their full potential. We accept nearly all major insurance companies. Call today to speak with one of our professional team members.
