Family Infant Toddler Program (FIT)

The FIT Program is a statewide program that provides early intervention services to infants, toddlers who have or are at risk for developmental delays and families in New Mexico. Early intervention provides activities and strategies for families to use to promote their child's development throughout the day. Early intervention can make a lifetime of difference!

Details

Ages: Infants and toddlers

Services

Rehab Services

Locations

415 Cedar Street SE, Suite 1
Albuquerque, NM 87106

Parent Organization

Presbyterian Ear Institute

Presbyterian Ear Institute exists to assist people with hearing loss to better listen and speak and integrate into mainstream society. The Institute offers hope in breaking the silence for children and adults, and provides a comprehensive approach to the early diagnosis, intervention, education and rehabilitation of deafness. In fulfilling its mission, and through the programs and services offered, PEI works daily to mitigate the lifelong effects that hearing loss has on literacy, educational achievement and vocational opportunities.
