

SHARE new mexico™

R4 Robotics

R4 Robotics is a community robotics team consisting of students from Sandoval, Bernalillo, Torrence, and surrounding counties. These students participate in BEST Robotics competition sponsored by New Mexico State University. Best Robotics mission is to engage and excite students about engineering, science, and technology as well as inspire them to pursue careers in these fields. R4 Robotics supports this mission, while also offering students opportunities to participate in STEM outreaches and to engage with local businesses that may lead to future internships or employment for these students.

Parent Organization

R4Creating

At R4Creating, our mission is to provide training for students and support for organizations that are making valuable contributions to increase the number of both STEAM (Science, Technology, Engineering, Arts and Mathematics) and Career Readiness Opportunities for students. We strive to offer students a competitive advantage that links their potential to a strong and successful future that leads them into a STEAM Career

Pipeline.
