Accelerate New Mexico

This is a STEM (This is a Science, Technology, Engineering and Math) related program. Accelerate New Mexico is a joint initiative of the Regional Development Corporation and six Northern New Mexico Hispanic-Serving institutions of higher education. The program is funded by the Department of Energy, Office of Environmental Management, and offers an innovative approach to address major barriers to degree completion with the goals of increasing the graduation rates of non-traditional students in certificate and two year technical degree programs, preparing students for the workforce, and placing students in jobs.
