Impact Personal Safety

IMPACT Personal Safety is a nonprofit organization that teaches people to prevent and defend themselves against verbal, physical, and sexual violence. By reducing the fear and impact of violence, we help to create a community where people live powerfully, experience freedom, and pursue joy. We believe it is possible to tackle the causes and effects of violence by partnering within the community to:

- * Raise Personal Expectations - Increasing self-worth, enhancing relationships, and promoting trauma recovery
- * Promote Social Justice - Teaching students to recognize and confront oppression
- * Empower Communication - Training individuals to advocate for themselves/others
- * Improve Awareness - Providing skills to recognize and avoid conflict and violence
- * Teach Physical Skills - Teaching self-defense strategies to address boundary violation and prevent assault
