Educational Outreach

Partnership with the Santa Fe Public Schools and other educational facilities to train and educate on source separation of food scraps, the process of converting it to compost and the reasons this makes a difference in our world.

Details

Services

Educational Programs Environmental Protection & Improvement

Locations

*1829 San Ysidro Crossing
Santa Fe, NM 87507*

Phone: (505) 393-1196

Parent Organization

Reunity Resources

Reunity Resources seeks to innovate and build infrastructure in order to create value from community waste streams. Building local food security through the capturing of food scraps on a commercial level for reuse into nutrient-dense compost is a primary focus.
