FRIEND: Food Recovery In Excellent New Directions

The FRIEND Goals:

Goal #1: To feed hungry children and their families

Goal #2: To educate students about the best practice of organics recycling, and the science of proper, environmentally healthy decomposition

Goal #3: To paradigm shift food discards to be seen as a resource, not waste

Goal #4: To divert food discard tonnage from the local landfills

Goal #5: To prevent air pollution from the improper decomposition of food in landfills, which produces methane, a greenhouse gas

Goal #6: To follow the EPAs guidance as shown on the Food Recovery Hierarchy

Goal #7: To educate our larger community that all of the above are worthwhile endeavors

Details
