Virtual Field Trips

Virtual Field Trips are beginning to book, to provide live, bilingual guest speakers to assist teachers during this challenging time. Currently, we have 4 distinct shows (Fun in Space, Plants and Animals, Weather, and Earth Science, for each grade K-4). Every program includes Culturally and Linguistically Relevant information that helps the children relate their learning to their own life in NM.

Parent Organization

Santa Fe Children's Museum

Discovering the joy of learning, play, and community.

Our mission is to build upon a child's natural sense of joy and discovery by cultivating habits of inquiry in the arts, sciences, and humanities. The museum's informal learning environment fosters interactions among

children and families, and encourages active participation in the learning process through interactive exhibitions and programs. Through its exhibits, programs, staffing, and governance, the museum recognizes and reflects our community's economic, ethnic, and cultural diversity.
