## Parent Organization

### Santa Fe Children's Museum

Discovering the joy of learning, play, and community.

Our mission is to build upon a child's natural sense of joy and discovery by cultivating habits of inquiry in the arts, sciences, and humanities. The museum's informal learning environment fosters interactions among children and families, and encourages active participation in the learning process through interactive exhibitions and programs. Through its exhibits, programs, staffing, and governance, the museum recognizes and reflects our community's economic, ethnic, and cultural diversity.
