Community Conservation

Passport to Trails

We have led field trips that have reached over 1,500 participants, including school kids from Santa Fe's south side schools. Our work with kids helps us create the next generation of conservationists. If people don't grow up caring about the land, they will not fight to protect it.

Vámonos

Santa Fe has many options for in-town walks. And VÁMONOS offers a couple of walks a week that you can join in on. Get to know Santa Fe's beautiful parks and trails, and meet others who like to walk by joining us on a free VÁMONOS walk. Group walking will help you stay motivated and meet others who like to walk. We have all levels of walkers, so you can walk at your own pace.

Parent Organization

Santa Fe Conservation Trust

The Santa Fe Conservation Trust partners with our community to keep northern New Mexico's living lands and people flourishing together. We protect culturally and environmentally significant landscapes, ignite people's passion for nature and enable the continual regeneration of our healthy place.
