

Native American Services

The Native American Student Services provides educational support for all eligible American Indian/Alaskan Native students (K-12). In order for students to be eligible to participate in the program they must have a Certificate of Indian Blood (CIB) and an ED 506 form on file. The program goals and priorities are established by the Native American Student Services staff along with the Indian Education Committee consisting of parents, teachers, and students.

Some of the services provided are: academic tutoring, student/parent advocacy (IEP's, hearings, school site concerns), school supply distribution, school uniform distribution, college preparatory services, student fees, college applications, testing, lab, extra-curricular activities, student field trip (cultural/academic), Annual Youth Honoring Ceremony, a summer enrichment program and various activities throughout the school year.
