School on Wheels

School on Wheels High School is a School of Choice where students can recover, remediate, or enrich learning opportunities through career internships, work-study programs and after-school online credit-recovery classes. Students are required to take core courses during the school day with elective credits coming from career exploration (Wednesdays) and work hours. Our mission is to create a learning community that motivates each student to graduate from high school ready for college and careers.

Graduates of School on Wheels receive a high school diploma. The school is accredited and students must fulfill all of the requirements set for high schools by the Albuquerque Board of Education and the State of New Mexico.
