Head Start

Head Start is a federal program for preschool children from low-income families. Children who attend Head Start participate in a variety of educational activities. They receive medical and dental care, have healthy meals and snacks, and enjoy playing indoors and outdoors in a safe setting. SNMCAC currently operates Head Start centers in Eddy and Chaves counties. Head Start is comprised of four major components: Education, Health, Parent Involvement, and Social Services. Federal performance standards ensure that every Head Start program provides the services necessary to meet the goals of each of the following components.
