Creating Resiliency Through Community (CRTC)

We are an organization that makes it our mission to discover and develop our community's potential to support Albuquerque's youth creatively, financially, and collaboratively!

We believe that every child is talented with the potential for success. We aim to build a better community where children feel safe, nurtured and loved, allowing them to thrive. We believe that lack of safety, resources, or community support should never be a factor in limiting a child's success. We will help facilitate collaboration, provide financial support, and creatively find solutions to overcoming barriers for youth organizations whose missions center on our most precious commodity, the Children of Albuquerque.
