Summer STEM Circles

How do we motivate middle and high school-age students to choose high-level STEM courses in school?

STEM Summer Circles

Mainly for middle and high school students. In 2019 we offered our first camp on app development. In Summer 2020 the camps were virtual but continued to be project-based and innovative. In Summer 2021 and 2022 we returned to in-person camps in engineering, App Development, Drone design, Aviation, etc.

Details

Ages: Teen

Races: All
