

SHARE new mexico™

Student Rights Campaign

We want to encourage everyone to become Political Activists and call, write and email their Government Representatives and ask them to support a Bill or Law to stop the firing of our Teachers and lawsuits against our schools costing Taxpayers millions of dollars in legal fees for mentioning other scientific theories. Democracy is the vote of the majority not of Special Interest Groups through the courts. Senator Kent Cravens of New Mexico will introduce Senate Bill 433 = The use of science in teaching biological origins, we need to support this Bill and restore the Students Civil Rights. Also, Separation of Church and State is not in the Constitution therefore it is Fraud and should be Repealed. We need to unite and fight for our rights. You can make a difference! We are planning a fund raising cruise and are selling Enjoy the City coupon books worth \$2000 for a donation of \$25 and Entertainment Books for \$35. Please join with us to stop this injustice.

Parent Organization

Student Rights Campaign

We are dedicated to restoring Students and Teachers Civil Rights and Academic Freedom in the public schools. We are working towards getting legislation passed to allow Students the right to choose which scientific theory they want to study between Intelligent Design, Creation Science and Evolution.
