Parent Organization

Sunshine Kids

The mission of Sunshine Kids is to provide each child with the loving and Christian environment necessary to instill social, emotional, intellectual, physical and creative development, which serves as the foundation of a child's success throughout their lifetime. We feel that this is essential to begin this from an early age. We work with FOCUS to implement the Guiding Principles for Full Participation of young children and their families in our center. FOCUS helps our center to continually improve the care we provide. We work with this program to maintain training and education of our quality staff.
