Sylvan Learning Center

BEGINNING READING: Designed for the reader who needs instruction in basic reading skills.

ACADEMIC READING: Designed for all students to help develop both the basic skills and the higher-level critical thinking skills needed for success in reading. **MATH ESSENTIALS:** Provides all students with

specific instruction on basic computation skills, problem solving, measurement, graphing, equations and numeration. **ALGEBRA I:** Custom designed to help students develop or enhance skills in patterns and

functions, graphing, mathematical connections, problem solving and reasoning. Offered for high school credit. **ACADEMIC WRITING PROGRAM:** Designed to improve writing skills and teaches the process to

writing paragraphs, letters and essays while stressing the fundamentals of capitalization, punctuation and sentence building. **STUDY SKILLS:** Designed for students who perform at grade level but need effective

study techniques, organizational skills, time management skills and test taking strategies. **ADVANCE**

READING SKILLS: A 12 hour course focusing on increasing reading rate while improving comprehension.

SAT-ACT COLLEGE PREP: Preparation for college or college entrance exams. **GEOMETRY:** Offered for

high school credit. We are a private business and we do not operate on an income based sliding fee, but

many parents are using our tuition finance plan. We provide supplemental educational programs for students

from 4 1-2 to adult.
