## Teeniors

All of your educational options are 5-star rated by thousands of clients over the past ten years. Teeniors has helped nearly 10,000 older adults since our inception in 2015. Your selection below illustrate each service we provide, all of which are aligned with proven, successful practices for personalized coaching in technology. However, all of our services are available via live, video conferencing across the globe, including online learning with our founder.

- **All coaching includes:** dedicated teaching/coaching time with participant Q&A.
- **Private or Public Location Options:** senior centers, libraries, or another mutually-agreed upon spaces.
- **Travel/Customizations:** Travel for in-person classes or coaching; or extensive class customizations may incur additional fees; please inquire for details.
- **Discounts & Sliding Scale:** we offer special rates for social profits who do not have funding to support technology training. Reach out for a personalized quote.
- **Multi-session packages:** Available by request.

## Parent Organization

### Teeniors

Our primary goal is to empower each other through **human connection**. What makes our service unique is

intergenerational learning and one-on-one support. As we all adapt to our increasingly digital world, we know that 'tech support' can be found through numerous websites, call centers and stores. Our service is different: we offer kind, patient, friendly, one-on-one tutoring at a reasonable price. Our goal is not to fix your problem as fast as we can, it's to empower you to better understand the technology at your fingertips while connecting with a coach who is happy to help. We earn continuous 5-star reviews from clients, and from our team. Individual and group sessions are available. **(We now offer individual and group coaching both virtually and in person!**
