The Arc of San Juan County

The Arc of San Juan County supports quality of life for people with developmental disabilities and their families. The Arc operates a thrift store that provides financial support for the mission. The mission is accomplished through partnerships, advocacy, information and referral, and community education. We focus on advocating for equal opportunity and choice in where people live, work, and play, and socialize. The Arc works to procure services for children and adults which may include appropriate education, preparation for employment, assistance in finding a job, training for independent living, and leisure recreation activities. Thrift Store - Which has various items including clothing, furniture, and appliances at low-cost.
