### **Parent Organization**

#### **The ASK Academy Foundation-- The ASK Academy**

The founders of The ASK Academy were motivated to write the ASK charter in 2010 because they wanted to provide families of the northwest section of Albuquerque and the greater Rio Rancho area an academically challenging science, technology, engineering, and mathematics (STEM) middle school and high school choice. The founders feel the current public school system in New Mexico needs to be transformed from what we know school is to what we know school needs to be.
