Token Ibis Inc.

Philanthropy doesn't need more dollars, it needs more people. Token Ibis is pioneering a new model for social progress by providing freely given funds to local high school and college students to donate to the causes that they care about. We have reason to believe that this radical but simple mechanism has the power to spark action within our young adults and bring previously neglected voices into the decision-making process. By empowering our students right here in Albuquerque, Token Ibis is creating the first-ever pilot project for Universal Basic Philanthropy: the belief that the right to social impact should belong to everyone.

Details

Ages: Teen Adults

Minimum Age: High school

Maximum Age: College
