Trauma Resource Institute

Trauma Resource Institute was incorporated as a 501(c)3 in New Mexico and offers trainings to agencies and organizations in New Mexico, including educational organizations, with a trauma and resiliency focus: to take people from despair to hope through simple skills-based interventions based on cutting edge research about the brain; to expand access to wellness skills to enhance resiliency for our active duty service members, veterans and their families; to expand access to treatment by training the frontline service providers and responders who do the hardest work with the least resources.
